Website: (Evie?)

- Check if there is an anti-bullying section (under parents and students)
- If not a section needs to be added with helpful websites, phone numbers, school motto, hand project, who to contact in school if there are problems (for students)
- Details on what the school does to help, include photos of displays, email addresses of teachers and members of the committee (for parents)

Check what the LGBT society has done on the website, we want a section like this.

* Contact Mr Ling about adding a section (this will be discussed at the next meeting- don't worry about this yet)*

Start thinking about details to go in both the parent and student section

Student Survey; (Year 12 girls)

- Keep working on the survey-it's got some good ideas.
- Perhaps add a bit more on cyberbullying
- What else can be done to promote information
- Final details discussed at next meeting
- Sent to all years in school.
- When will people fill it out?

Hopefully to be sent out the week after half term. Results to be collected over the course of 3-4 weeks before Christmas

Ideas that come out of the survey can be discussed after Christmas and hopefully put into the form time workshops

Parent Survey; (Jaz)

- Think about what ideas should be included
- Will it be sent out on parentmail?
- We want the parents view on the way we tackle bullying and promote antibullying

bring ideas to the next meeting

find out who will send out the survey

Other points mentioned:

- Jan/Feb workshops in form time- hopefully linked to the student survey
- Contact Mrs White about Bullies out cyberbullying workshops (rearranged)- Izzy
