

ECO COMMITTEE!

Eco-Schools

What we're trying to achieve:

- We want our school to be an overall more eco-friendly one
- We are going to earn our way up the eco-school flags - going for green is the first step.
- We want to have our plastic and paper reduced, reused and recycled
- We are aiming for our school to have a higher diversity in the species that inhabit it
- We want more students to be involved in the process of turning this school green

For more information, or if you want to get involved, please email Mrs K Ireland: kireland@cowbridgecs.co.uk
