1. Overall Aims and Principles

Cowbridge Comprehensive School is committed to achieving a positive and supportive ethos where children feel valued and respected and where children understand the importance of excellent attendance. We recognise that excellent attendance and punctuality are key factors in ensuring that children meet their potential.

Research has consistently demonstrated that missing school for even short periods of time can impact upon a pupil's chances of reaching their true academic and wider potential.

The below table at the end of the policy outlines our overall categorisation and strategies for ensuring excellent attendance at school and also highlights the equivalence of lessons (hours) missed of education when attendance becomes irregular.

2. Our Mission, Values and Overall Vision

We have high aspirations as a school. We are a school where students excel and where we continually strive to develop further excellence at all levels. We believe that our school is a centre of excellence because lessons are exciting and the curriculum meets the needs of all of its students. We strive to continue to be a school where we are the first choice for families and their children, not just for academic success but because we care about every child. We therefore believe that if a pupil is to benefit from education, regular, punctual attendance is crucial.

We recognise that excellent attendance is a critical factor to a productive and successful school career and for establishing habits for the workplace; our school actively promotes and encourages 100% attendance for all our pupils. We give high priority to communicating with parents and pupils of the importance of regular and punctual attendance.

We recognise that parents have a vital role to play and that there is a need to establish strong home-school links and communications systems that can be utilised whenever there is concern about attendance. If there are problems which affect a pupil's attendance we will investigate, identify and strive, in partnership with parents and pupils, to resolve those problems as quickly as possible and without the need for issuing Fixed Penalty Notices and ultimately prosecution of parents. We recognise that these sanctions should be as a last resort.

3. Statutory Duty of Schools

Schools are required under the Education (Pupil Registration) (Wales) Regulations 2010 to take an attendance register twice a day: at the start of the morning session and once during the afternoon session. The accuracy of the register is important to support any statutory interventions that may be required. It should be noted that it is an offence not to maintain accurate registers. Detailed guidance on attendance codes can be found in 'Annex 4.i' of the Inclusion and Pupil Support (Welsh Government, 2006)4 guidance document.

4. Statutory Duty of Parents/Guardians

Under section 7 of the Education Act 1996, the parent/carer is responsible for ensuring that their child of compulsory school age receives efficient full-time education that is suitable to their child's age, ability and aptitude and to any special educational needs the child may have. This can be by regular attendance at school, alternative provision or by elective home education (the parent/carer can choose to provide education for their child).

For the purposes of education legislation the definition of parent/carer is set out at section 576 of the Education Act 1996. 'Parent' means all natural parents/carers, whether they are married or not; it includes any person who, although not a natural parent, has parental responsibility (as defined in the Children Act 1989) for a child or young person, and any person who, although not a natural parent, has care of a child or young person. Having care of a child or young person means that a person with whom the child lives and who looks after the child, irrespective of what their relationship is with the child, is considered to be a parent in education law. For further information see "Parents"

and “Parental Responsibility” (Welsh Assembly Government, 2007)3. Sections 444A and 444B of the Education Act 1996 (introduced by section 23 of the Anti-social Behaviour Act 2003) introduced penalty notices as an alternative to prosecution under section 444. Parents/carers may discharge potential liability for conviction for an offence under section 444 by paying a penalty

There is no legal requirement for there first to have been a penalty notice before proceeding to prosecution.

5. Statutory Duties of the Local Authority

Under section 437 of the Education Act 1996, LAs have a duty to ensure that a child for whom they are responsible is receiving a suitable education either by regular attendance at school or otherwise.

Further information can be found in ‘Section 4’ of the Inclusion and Pupil Support guidance document. In September 2009 section 436A5 of the Education Act 1996 came into force.

This section requires that LAs must make arrangements to enable them to establish (so far as it is possible to do so) the identities of children residing in their area who are not receiving a ‘suitable education’. Implementation of the duty under section 436A should be integrated with the wider range of duties placed on LAs, including the Children Act 2004 and the Welsh Government’s Safeguarding Children: Working Together Under the Children Act 2004 that aims to improve outcomes, and safeguard and promote the welfare of children. The new duty should strengthen and complement these existing duties.

6. Roles and Responsibilities of the Police

The police are empowered to issue penalty notices. The police must comply with the local code of conduct issued by the relevant LA when issuing penalty notices and provide to the LA a copy of any notice issued.

8. PROCEDURES, SYSTEMS AND STRATEGIES

8.1 Rewards & Recognition for Good Attendance

- Students with good, most improved and in particular 100% attendance from September to date is recognised in assemblies at the end of each term;
- Pupils will be awarded certificates to celebrate high levels of attendance and punctuality;
- Post cards/other/TXTs will be posted home for improved attendance and punctuality;
- Phone calls are made to praise the students on their improvement. Parents always appreciate a positive phone call. Staff are provided with weekly attendance statistics so that the whole school knows exactly how we are performing, where we are excelling and where we need to focus.

8.2 Sanctions

Pupils with poor attendance and punctuality, and their families, will be offered support via the schools robust systems for managing absence.

8.3 Fixed-Term Penalty Notices

The Education (Penalty Notices) (Wales) Regulations 2013 empowers headteachers to issue penalty notices and to authorise their deputy and assistant head to do the same. They may only issue penalty notices to parents/carers in respect of the irregular attendance of a child registered at their school.

Where parents/carers are clearly failing to fulfil their legal obligation to ensure their child's attendance, prosecution will be recommended. Prosecution will also be pursued when a Fixed Penalty Notice fails to ensure improvement or is unpaid.

A penalty notice is a suitable intervention in circumstances where the parent/carer is judged capable of securing their child's regular attendance or whereabouts but is not willing to take responsibility for doing so, for example where the parent/carer has:

- failed to engage with any voluntary or supportive measures proposed;
- failed to make adequate arrangements for the whereabouts of their child.

When the school deems this appropriate, usually as a last resort, a Fixed Penalty Notice may be issued to each parent/carer. Where support and low level interventions have not enabled the pupil to improve attendance, the pupil and parents will be invited to attend an Attendance Panel in school.

The School deems that Penalty notices will be most effective when issued for less entrenched attendance issues, particularly for certain age groups or over particular time periods such as Key Stage 4 pupils in the run-up to examination periods.

Before proceeding to issue a penalty notice the School will consider whether attendance problems may be related to a pupil's special educational needs. The School will demonstrate that we have used our best endeavours, acting in conjunction with the LA where appropriate, to make appropriate provision for the pupil's needs.

This may include action to support the pupil through School Action and School Action Plus in the ALN Code of Practice for Wales or asking the LA to carry out a statutory assessment of the pupil's needs. This will normally involve an assessment by the Educational Psychologist.

Early identification and intervention, accurate assessment and the arrangement of appropriate provision to meet pupils' ALN usually leads to better outcomes. Penalty notices will not be used as, alternatives to taking appropriate action to meet a pupil's ALN.

8.4 Registration & Punctuality

Morning registration will take place at 08.30 during form time. Any pupil arriving after 08.30 is defined as late.

Afternoon registration will take place at the beginning of the pm session after lunch. This is different for KS3 and 4 pupils. Any pupil arriving after the register has closed will be coded accordingly. Arriving after the register has closed is classed as unauthorised absence.

Persistent late arrival is classed as truancy. Punctuality to school and to lessons will be closely monitored and the appropriate interventions implemented, including communication with parents and detention.

8.5 Use of Systems and Strategies

Cowbridge Comprehensive School uses electronic systems to monitor attendance and punctuality. We analyse data, patterns and trends to develop future action planning and target setting.

9. ABSENCES

9.1 Illness

Absences due to illness should be reported before 8:30 am on each day of absence. If a parent knows their child will be absent for a certain period (i.e. due to hospital admission/operation) then we will authorise the absence for a slightly longer period of time but request regular updates from the parent. If the student is well enough to work at home whilst they are off ill, work is sent home to be completed and returned to school. If a student has low attendance and/or has had a lot of time off due to illness, we will request that medical notes/documentation is provided before authorising any further absences due to illness.

If no medical documentation is provided the absence will remain unauthorised and the Formal Monitoring process will be considered.

9.2 Medical Appointments

We will not authorise a full day's absence for a medical appointment such as dentist/orthodontist. All appointments are requested to be made outside of the school day wherever possible but if an appointment has to be made during the school day we expect the student to be in before and/or after the appointment, depending on the time. If a student is absent for the full day we will mark the absence as unauthorised for either the AM or PM register.

9.3 First Day Contact

Parents have a responsibility to contact the School on the first day of absence, to explain the reason for the absence. You have a further responsibility to maintain regular and positive communication with the School, should the absence continue. If your child is absent, and you do not contact school to explain their absence, we will try to contact you via our first day response system.

It is essential that the School has up to date contact numbers and information at all times. If no response is received over 3 days a home visit is made by the Attendance Welfare Officer and/or a member of the School.

9.4 Leave during Term –time

The Pupil Registration (Wales) Regulations 2010 provide headteachers with a discretionary power to authorise leave for a family holiday during term time where parents seek permission in advance. Save in exceptional circumstances, no more than 10 days leave should be granted for this purpose.

Leave during term-time up to 10 school days, will be considered, by the Headteacher. Only in exceptional and extenuating circumstances, will leave be authorised exceeding 10 days. As well as giving consideration to the 'exceptional circumstances', the Headteacher will also consider what school year the student is in and whether there are any internal or external examinations or assessments taking place, and the levels of absence already accumulated by the child. Parents must submit an application at least 4 weeks in advance, in writing, outlining the circumstances which justify the absence.

You will be informed of the Headteacher's decision in writing.

Should you choose to take your child out of school during term time without authorisation and where you have failed to ensure regular attendance, formal sanctions may be taken. This could include the issue of a Fixed-term Penalty Notice and/or prosecution.

Each request will be considered on its own merit and will take into consideration the specific situation of the individual family.

9.5 Religious Observance

The School will authorise an absence taken for religious observance. The day must be exclusively set apart for religious observance by the religious body to which the parents and child belong. Where necessary, the School will seek advice from the parents' religious body about whether it has set the day apart for religious observance.

9.6 Unauthorised Absence

- Truancy, whole day, part of the day or lessons (including pupils found truanting on or offsite);
- Absence which is condoned by the family without a valid reason;
- Unexplained absence;
- Leave taken without prior permission from the Headteacher;
- Late arrival, after the register has closed Please note, medical appointments will be authorised for half a day (1 session), unless there are special, prearranged circumstances. Proof of attending or an appointment card must be provided.

9.7 Authorised Absence

Authorised absence is defined as the School either giving approval in advance for the pupil to be absent from school, or where an explanation offered afterwards has been accepted by the School as satisfactory justification for absence. Only schools, not parents/carers, can authorise an absence, and schools must consider whether the reason for absence is reasonable before doing so. Any absence that is not authorised by the School should be recorded as an unauthorised absence.

9.8 Persistent Absence

A pupil is classed as a persistent absentee when their attendance is 90% or less, at any point during the academic year. Any absence, whether authorised or unauthorised, is included in the figures. Pupils who are identified as a persistent absentee, (and their families) will be supported via the School's systems for addressing persistent absence. Support / Interventions may include:

- Speaking to students to discuss the issues;
- Phone calls home;
- Home Visits;
- Placing students on report for attendance and/or punctuality;
- Attendance Panels to agree an Attendance Support Plan;
- Formal Monitoring leading to Penalty Notices if necessary and appropriate;
- Phone calls home praising improved attendance/punctuality;
- Well done cards for improved attendance/punctuality.

9.9 Children Missing In Education

Definition of a child missing education:

- The child or young person fails to attend school without offering a reasonable explanation;
- School has been unable to locate the pupil at the last known address or any of the contact numbers;
- The parents/Carers have failed to offer an explanation in relation to the child or young person's absence or a change of school or any other educational provision.

Between days 1-5 we will make all investigations to determine the whereabouts or reasons for absence from school.

Between days 6-19 we will refer to the Education Welfare Officer, who, depending on the outcome of necessary enquiries/home visit may instigate further action by relevant LA services and the police.

A copy of this will be kept on file in school. Movement of children in the UK between local authorities and schools is tracked nationally, by each local authority. Movement of children whose families move/take them abroad is tracked by the UK Border Agency.

10. Admission and Removal from The School Roll/ Register

Schools are legally required to advise the local authority about the details of all children admitted and removed from the roll of their school. No child will be removed from the school roll without written instruction from the Responsible Parent(s) in line with the Education (Pupil Registration) (Wales) Regulations 2010.
