- *School Council message to be sent to Years 9/11/12 about keeping the outside of Scholars tidy. Sent 28.04.21.*

Dear Student

It is great that you have access to the outside of Scholars for break and lunchtimes. Scholars is a great place to relax and chat to your friends.

However, there have been complaints from students on the last break/lunch that those using this outside space are not cleaning up after themselves. Leftover food is not disposed of in the bin and plates and cutlery are not returned to the canteen.

Therefore, could we please ask you to clean up after yourselves. This is so we can keep this great outdoor space a place for you to enjoy your free time at break and lunch times.

Thanks in advance.
