Introduction

This policy has been reviewed and amended by paying consideration to Welsh Government Statutory guidance for school governing bodies on school uniform and appearance policies Education, Wales (2019, No. 21).

- remove peer pressure to dress in particular fashions;
- enable pupils of all backgrounds to share in a common identity which embraces their particular requirements;
- help reduce inequalities between pupils and help reduce some triggers for bullying;
- benefit safeguarding and attendance policies through helping to identify truants;
- assist identification of strangers on school premises; and
- support and promote the ethos of the school.

In particular, this policy must:

- ensuring that due regard is given to securing equality of treatment between pupils of different sexes and genders;
- pupils from different ethnic and religious backgrounds and;
- disabled pupils in relation to school uniform and appearance policies;
- cost and affordability;
- practical considerations involved in introducing or changing school uniform and appearance policies;
- consultation with parents, pupils and the community.

School uniform policies should have regard to:

- affordability, access and availability of uniform items when setting their school uniform and appearance policy.

Schools' uniform policies should not dictate different items of clothing on the basis of sex/gender and have should have a sensible, flexible approach to uniform items to account for extreme weather conditions.

The guidance also sets out the current position in Wales regarding financial assistance for parents towards the cost of purchasing school uniforms of which CCS adheres to. For full details, please see the statutory guidance document.
