

Dear Parent / Carer

The ability to sing or play a musical instrument is something that can bring a lifetime of joy. It opens doors to rich and varied experiences that would otherwise not be available. Put simply, the sooner we start, the better!

The benefits of learning a musical instrument at a young age are well recognised. These include building confidence and self-esteem; improving patience, perseverance, and focus; cultivating creative, deductive, and collaborative skills; and reducing stress and anxiety. Our video "Let's Make Music" highlights these with young musicians talking about the positive influence music has had on their lives.

In Cowbridge we currently offer lessons on Brass, Woodwind, Strings, Drums, Guitar, Piano, and Voice. There is a musical instrument to suit everyone: there are lots to choose from. We have put together a series of videos introducing you to the different instrument families so you can get an idea of what they sound like and how they work.

If you are interested in registering your child for music lessons, there is further information on the enclosed flier. Alternatively, you can visit <https://cavms.co.uk/>

We look forward to starting your child on the wonderful journey which learning a musical instrument can be.

David Miller
